Act 441 of 1993 allows Arkansas State University to expand its current program to include non-faculty, non-classified employees.

The current catastrophic leave bank is administered by the Fringe Benefits Committee working in concert with the Department of Human Resources.

### Definition of Terms

**Catastrophic Illness** means a medical condition of an employee, employee's spouse, employee's parent, or employee's child who may be claimed as a dependent as certified by a physician (or other individual as provided in ARK. Code Annotated 21-4-201 et seq.) which requires an employee's absence from duty for a prolonged period of time and which results in a substantial loss of income to the employee because of the exhaustion of all earned sick, annual, holiday, and compensatory leave time.

**Catastrophic Leave** means paid leave which is transferred to a leave recipient from the University's catastrophic leave bank. Catastrophic leave may be granted only in 8-hour increments. While a leave recipient is on catastrophic leave, he or she will receive normal benefits such as university contributions to insurance and retirement.

**Catastrophic Leave Bank** means a pool of accrued annual and sick leave voluntarily donated by employees that may be approved by the university for use by other employees.

**Catastrophic Leave Bank Program** means a program approved by the Department of Finance and Administration and operated by the Department of Human Resources in concert with the Fringe Benefits Committee to provide for the orderly authorization and administration of catastrophic leave.

**Catastrophic Leave Committee** means the University Fringe Benefits Committee comprised of thirteen members who represent a relative demographic cross section of the university's work force and who review applications from employees for catastrophic leave and make recommendations to the President relating to such leave.

**Employee** means a person who is regularly appointed or employed in a non-faculty position of service by the university who is compensated on a full time basis. A person who works less than full time (forty hours per week) is excluded from this definition and is not eligible to participate as a donor or recipient in the Catastrophic Leave Bank Program.

**Leave Donor** means an employee whose voluntary written request to donate accrued annual or sick leave to the employing institution's catastrophic leave bank has been approved by that institution. No employee shall be allowed to be a leave donor if such donation will reduce that employee's accrued sick and annual leave to less than 80 hours. (Exception: an employee who is terminating employment may donate all accrued leave time and is not required to maintain the 80 hour leave balance.) Accrued leave may be donated in no less than eight (8) hour increments.

**Leave Recipient** means a current employee for whom the institution head has approved an application to receive catastrophic leave from the institution's catastrophic leave bank.

**Medical Condition** means a personal emergency limited to catastrophic and debilitating medical situations, severely complicated disabilities and severe accident cases which cause the employee to be incapacitated, require a prolonged period of recuperation and require the employee's absence from duty as documented by a physician (or other individual as provided in "A.C.A. 21-4-201 et seq.") Routine disabilities or disabilities resulting from elective surgery do not qualify for catastrophic leave.

**Prolonged Period of Time** means a continuous period of time whereby a medical condition prevents the employee from performing the employee's duties. A prolonged period of time is interpreted to be a minimum of thirty (30) working days.

**Substantial Loss of Income** means a continuous period of time where the employee will not have otherwise been compensated by the employing institution due to a medical condition and the exhaustion of all earned sick, annual, holiday, and compensatory leave, and such medical condition is not covered and compensated by Worker's Compensation.

## **II. Catastrophic Leave Policy**

The Arkansas State University Catastrophic Leave Policy Committee, which is the Fringe Benefits Committee, is comprised of the following employees.

- Five faculty (one retired faculty member) appointed by the Faculty Senate
- Five staff (two classified, two non-classified, and one retired)
- One representative from Human Resources
- One representative appointed by the President
- One representative from the Vice President for Finance and Administration

The committee shall meet as needed to review all catastrophic leave requests. The Department of Human Resources staff will be responsible for submitting to the committee only those requests that meet minimum qualifications. The committee shall utilize the following guidelines to review catastrophic leave requests:

- (a) No employee shall be eligible for approved catastrophic leave in excess of six continuous months unless it can be demonstrated that the employee has been denied disability retirement or Social Security benefits.
- (b) No employee shall be approved for catastrophic leave unless the employee has provided an acceptable medical certificate from a physician supporting the continued absence, and setting forth that the employee is and will continue to be incapacitated from performing the employee's duties due to a catastrophic illness. Information relative to the employee's assigned duties, such as functional job descriptions, should be made available to the physician.
- (c) In no case shall catastrophic leave be granted beyond the date the physician certifies that the employee is able to return to work.
- (d) Catastrophic leave, which would result in a negative balance in the agency's catastrophic leave bank, shall not be approved.
- (e) Determinations by the Fringe Benefits Committee shall be reviewed by the University President or his/her designee.

- (f) The decision of the President or his/her designee shall be final and binding. Nothing shall prevent the President or designee from taking into account the impact on the University's operation in granting or denying catastrophic leave or in modifying previously approved catastrophic leave, if in the judgment of the President such approved leave would seriously impact the university's operation.
- (g) Applications for catastrophic leave shall be reviewed on a first filed, first considered basis.

### **III. Record Keeping**

The records for the catastrophic leave program will be maintained in the Department of Human Resources. Records will reflect the amount of leave donated, rate of pay and dollar value, amount of catastrophic leave awarded, including name of the recipient, position number, and rate of pay.

#### **Implementation**

A series of meetings will be conducted across campus to explain ASU's Catastrophic Leave Bank Program. The meetings will be conducted by the Department of Human Resources Staff. After an eligibility list is established, each employee will receive a Catastrophic Leave Bank Donation Card. Employees wishing to participate will be required to fill out the card, sign, and return to the Department of Human Resources. The card will designate the minimum and maximum contribution. A program will be written that will maintain the Catastrophic Leave Bank records. The records will reflect the amount of leave donated, rate of pay and dollar value.

An employee may be dismissed if such employee fails to report to work promptly at the expiration of the period of approved catastrophic leave. Nothing, however, shall prevent ASU from \*accepting satisfactory reasons provided by the employee, in advance of the date the employee is schedule to return to work, and from granting leave without pay status to an employee prior to and after the expiration of such catastrophic leave if in the view of the president or his/her designee such action is warranted.
