

ASU-JONESBORO PARKING SERVICES  
CONTRACT PARKING INFORMATION

1. Who is eligible to purchase contract parking?
  - a. Registered students at ASU-Jonesboro
  - b. ASU-Jonesboro employees
  
2. How much does contract parking cost?
  - a. The current pricing of contract parking is published in the current version of the ASU Parking/Motor Vehicle regulations and/or on the Contract Parking page of the Parking Services website.
  
3. How do students and employees secure and pay for contract parking?
  - a. Students and employees are not required to pay in advance of securing a contract parking space. The appropriate fees will be directly applied to customer accounts.
  
  - b. Students and employees should complete an online contract parking application which is available on the Contract Parking page of the Parking Services website. If spaces are available, Parking Services will contact applicants with space availability information and the steps needed to secure a space. If spaces are not available, applicants will automatically be placed on the waiting list for the lot (s) for which they applied.
  
  - c. Students may pay for contract parking fees on their accounts in the same manner that other fees are paid. Employees may pay for contract parking on their accounts. Most employees are also eligible to enroll in a payroll deduction plan sponsored by Human Resources. Contact Human Resources at 972-3454 for more information.
  
  - d. Students and employees may renew their contract parking spaces for each upcoming academic year. Parking Services will make every reasonable attempt to notify customers of upcoming renewal periods.
  
4. How do students and employees access contract parking lots?
  - a. Most contract parking lots are protected by access gates. Customer ASU ID cards are activated to provide access through the gates. Gate access protection may be removed as needed and/or as announced by ASU-Jonesboro or the P/MV Regulations. Some lots such as the North Parking Deck are not restricted by gate access. These lots are restricted with posted signage. All customers must display a current parking permit from their vehicles when parking in their contract parking spaces. Additionally, permits must be validated with a contract parking validation sticker. Permits are issued at the published cost in the P/MV Regulations and/or the Parking Services website. Permit fees are not included in the contract parking fees. Validation stickers are issued at no charge to current contract parking customers.
  
5. How are contract parking spaces enforced?
  - a. Restricted hours are published in the latest version of the P/MV Regulations. Parking Services officers patrol contract parking lots routinely. Unauthorized vehicles that are parked in contract spaces during the restricted hours are subject to citations and towing. Customers are encouraged to contact Parking Services immediately at 972-2945 when experiencing any problem with accessing their contract parking spaces. The Parking Services staff will provide instructions to customers in such events.
