

ASU Grad PLUS Lenders

Below is a list of lenders which can be used by ASU graduate students for Grad PLUS loans. Lender code numbers and telephone numbers are also available. These lenders are well known to ASU staff for their excellent processing and services for students. Graduate students who have not selected a lender may consider one of the lenders on the list or may choose a lender of your own. It is recommended that you continue to use the same lender you borrowed from in undergraduate school. You must complete a credit check with your lender to receive a Grad PLUS Loan. Remember, the choice of a lender is yours.
